

Why Rapid 1?

• Ideally suited for open storage when weight capacity is important. Rapid 1 is a remarkably robust style of shelving with high load capacities (up to an amazing 800kg per shelf). It is a market leading, boltless, easily assembled open shelving system, designed to international shelving industry standards. Available in a wide range of sizes – (6 heights, 6 widths and 6 depths) and shelf types – chipboard, wipe clean melamine and wire mesh.
