

Mezzanine Floor

A Mezzanine Floor can double the amount of floor space available in your warehouse

- The additional floor level can be used for storage or fitted with a shelving system - freeing up existing floor area
- Floors over a given size, or for particular uses, may require fire protection, usually provided by fitting suspended ceilings, edge fascia and column casings - our Design Team will advise
- Mezzanine Floors will require Building Regulation Approval which we will handle on your behalf

Mezzanine Floors are manufactured to order
Example prices based on general storage load 4.8kN/m²

Height	Width	Depth	Price £
3m	6.5m	4.5m	5700
3m	10m	4.5m	6900
3m	10m	9m	10500

Call our Design Team for a quotation
