

RAPID 1 Shelving

Shelf Size Actual	Clear Entry = Shelf Size - 85	Overall Width = Shelf Size +17
915mm (3')	830mm	932mm
1220mm (4')	1135mm	1237mm
1525mm (5')	1440mm	1542mm
1830mm (6')	1745mm	1847mm
2134mm (7')	2049mm	2151mm
2440mm (8')	2355mm	2457mm

RAPID 2 Shelving

Shelf Size Actual	Clear Entry = Shelf Size - 53	Overall Width = Shelf Size +17
915mm (3')	862mm	932mm
1016mm (40")	963mm	1033mm
1117mm (44")	1064mm	1134mm
1220mm (4')	1167mm	1237mm
1525mm (5')	1472mm	1542mm

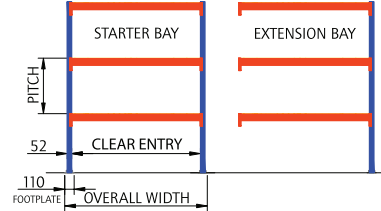

Additional bays fixed with tie plates
Pitch adjustability = 38.1mm (1.5")

Rapid Span Shelving

Bay Size Clear Entry	Starter Bay Overall Width = Bay Size +162	Extension Bay Overall Width = Bay Size +52
1157mm	1319mm	+1209mm
1507mm	1669mm	+1559mm
1857mm	2019mm	+1909mm
2257mm	2419mm	+2309mm
2707mm	2869mm	+2759mm

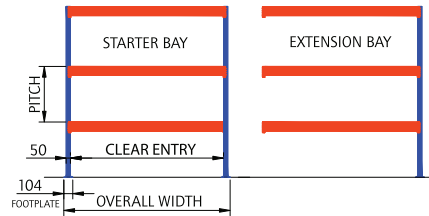

Extension bays share a common upright frame.
Pitch adjustability = 50mm

Wide Span Shelving

Bay Size Clear Entry	Starter Bay Overall Width = Bay Size +158	Extension Bay Overall Width = Bay Size +57
890mm	1048mm	+947mm
1250mm	1408mm	+1307mm
1785mm	1943mm	+1842mm
2140mm	2298mm	+2197mm
2315mm	2473mm	+2372mm
2675mm	2833mm	+2732mm

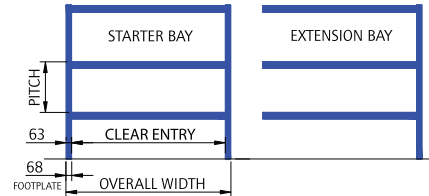

Extension bays share a common upright frame. Pitch adjustability = 25mm

Shelf Plan Shelving

Bay Size Clear Entry	Starter Bay Overall Width = Bay Size +131	Extension Bay Overall Width = Bay Size +63
1200mm	1331mm	+1263mm
1800mm	1931mm	+1863mm
2400mm	2531mm	+2463mm

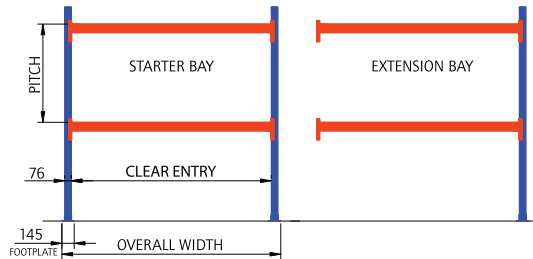

Extension bays share a common upright frame.
Pitch adjustability = 50mm

Pallet Racking

Bay Size Clear Entry	Starter Bay Overall Width = Bay Size +221	Extension Bay Overall Width = Bay Size +76
1160mm	1381mm	+1236mm
1360mm	1581mm	+1436mm
2235mm	2456mm	+2311mm
2710mm	2931mm	+2786mm
3310mm	3531mm	+3386mm

Extension bays share a common upright frame.
Pitch adjustability = 50mm

General Safety

Specified loads must be uniformly distributed over the full shelf area.

Shelf loads assume equally pitched shelves.

Increased pitch can reduce the total bay load capacity.

RAPID 1 and RAPID 2 require a bottom shelf level.

Wide Span, Shelf Plan and Pallet Racking beams are supplied with security pins.

Pallet Racking is for fork lift loading. Pallet Racking must be floor fixed with fixings supplied - Note that increased beam pitch reduces frame capacity.

If in doubt please call our Design Team on 01285 68 68 68.
