

## Wooden Shelving

Ideal for stockroom, retail and school use. Made of good quality North European pine and manufactured by a European social enterprise organisation with ISO – 9001 certification.

From  
**£199**

- Sturdy construction
- Economical starter and add-on bay system
- Shelves are height adjust every 50mm
- Shelf sits on 4 steel pins
- Weight application to shelf makes it more rigid
- Takes up to 160kg per shelf
- Simple self assembly

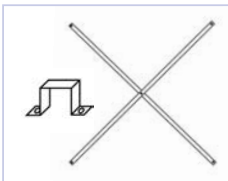

Shelf weight application makes the fixing more rigid.

Six level bay including cross brace
