

Rapid Span

A heavy duty shelving system with the flexibility to change with the demands of your business

This fantastic value wide span shelving system is stocked in a wide range of sizes and offers great value for money. Like all wide/long span systems the bays 'add-on' meaning better value for money when long runs are required.

- Each level can take up to 800kg
- Quick and easy to install
- Hard wearing powder coated finish
- Order as separate end frames and levels
- Levels height adjust every 50mm
- No bottom beam required - allowing palletised storage at ground level only
- Frames come ready assembled
- See page 54-57 for Pallet Racking
